Contact: Angela Roach - Phone: (520) 388-4253 - E-mail: aroach@azdot.gov

Current as of: 01/13/2009

The following material sources have completed the ADOT Environmental Analysis process under our updated environmental specifications, including tribal consultation. This list indicates only completion of the environmental analysis. The ADOT District Engineer will determine whether other provisions in ADOT Standard Specifications have been met for final approval of use of the site.

Notes: Prefix Abbreviations: PA = Processing Area only; PS = Project Specific. Districts need to report each project number used for "PS" sources. Material sources given approvals based on special conditions have the words "With Conditions" at the end of the location information.

For inquiries, or to find out the specifics of special condition(s), or to report errors in this information please contact the person shown above.

Information provided to requestor was developed by the Arizona Department of Transportation. The information was developed for internal use. The Department accepts no responsibility for any conditions encountered which may be at variance from information herein.
